REAL ESTATE AND INSURANCE

MANY VISITORS IN DAYTONA.

The Smaller Hotels All Filled, the Larger Ones With Plenty of Room, but Business Is Good.

An examination of the registers of the many hotels reveals the fact that the city, while far from crowded, has many more visitors here now than at the same time of the year, she ever had.

The extreme cold which had prevailed up to Sunday, coupled with the fogs and rains, caused hundreds to leave here for balmy points to the south, but these will all come wandering back when the warmer weather is turned on there.

So many new cottages were built last year, new hotels or additions to the old ones, thus scattering the tourists more, that one does not appreciate the greater influx of tourists which has taken place. A conversation with Postmaster Jolley, or one of his clerks, will reveal an enormous increase in the business done there. Or take a stroll to the depot when the boys are not too busy and ask them about it. They will probably estimate the increase at not less than thirty per cent.; great enough to satisfy the most optimistic.

Of course, during the races every place was pretty well crowded, but for the last few days a DAILY NEWS reporter has made it a point to ask every hotel proprietor he met, "How is business and how does it compare with last year?" The many answers may prove of interest, especially to the few who have predicted failure and ruin for some of the investors.

Cleveland—"Full; every room taken and only wish I had more room. I am more than pleased."

Gables—"About the same as last year. We keep about full all the time. If a room is vacated this morning it is generally full before night."

Bennett—"Much better than last year. My addition was a good investment."

Colonnades—"More people now than at the same time last year."

Ridgewood—"Business is good; about the same as last year. It would

have been better if this cold snap had not come. If it had been warm we would have been turning people away. Guests left who had intended staying for several weeks, but you can't keep them when it gets cold; they go south."

Palmetto—"Very well satisfied. I think we are doing better."

Parkinson—"Well, we kept full last year and have been so this year. We have but a small place and can't do better."

Despland—"Oh, I guess as well as usual. Yes, a little better. The cold keeps people away; they won't stay unless it's warm."

Austin—"This is our first year, but we are about full. Last night two rooms which we hold for transients were vacant, the night before none. We are doing well."

Gagnon-Pollock Company.

A fair house greeted the Gagnon-Pollock Company at the initial performance last night. The performance was late in starting and as a consequence the audience became rather restless. The music was anything but satisfactory, being far too weak for a house of that size.

The play, "Broken Hearts," a four-act drama, seemed to meet with the approval of the audience. Miss Pollock, as Alice Thorn, the village belle, filled her role well and received the sympathy of the audience by her naturalness. Miss Halbert as Marie De Brissar, an adventuress, has the French-English patois to perfection and handled her part well. Harold Mordant, who impersonated Capt. West, a gambler and all round rascal, probably elicited the most applause on account of his cold blooded sarcasm and cynicism.

Tonight Hotel Topsy-Turvy will be presented.

C. W. Phillips, Atlanta; C. B. Wheeler, wife and daughter, Brooklyn; W. M. Griffith and wife, New York; B. T. Bonafield, Charlotte, N. C.; S. N. Robinson and wife, Hartford; E. K. Spink and wife, Chas. S. Tanner and wife, Providence, are guests of The Ridgewood.

An Old Favorite

THE GOOD TIME COMING

By Charles Mackay

HERE'S a good time coming, boys.
A good time coming;
We may not live to see the day,
But earth shall glisten in the ray
Of the good time coming.

Cannon-balls may aid the truth,
But thought's a weapon stronger;
We'll win our battle by its aid;
Wait a little longer.

There's a good time coming, boys.
A good time coming;
War in all men's eyes shall be
A monster of iniquity
In the good time coming.
Nations shall not quarrel then,
To prove which is the stronger;
Nor slaughter men for glory's sake;
Wait a little longer.

There's a good time coming, boys.
A good time coming;
Hateful rivalries of creed
Shall not make their martyrs bleed
In the good time coming.
Religion shall be shorn of pride,
And flourish all the stronger;
And charity shall trim her lamp;
Wait a little longer.

There's a good time coming, boys.
A good time coming;
And a poor man's family
Shall not be his misery
In the good time coming.
Every child shall be a help
To make his right arm stronger;
The happier he, the more he lives;
Wait a little longer.

There's a good time coming, boys.
A good time coming;
Little children shall not tell
Under or above the soil
In the good time coming;
But shall play in beautiful fields,
Till limbs and mind grow stronger;
And every one shall read and write;
Wait a little longer.

There's a good time coming, boys.
A good time coming;
The people shall be temperate,
And shall love instead of hate,
In the good time coming.
They shall use, and not abuse,
And make all virtue stronger;
The reformation has begun;
Wait a little longer.

There's a good time coming, boys.
A good time coming;
Let us and all we can,
Every woman, every man,
The good time coming.
Smallest helps, if rightly given,
Makes the impious stronger;
"We'll be strong enough one day;"
Wait a little longer.

Song of Spring.

Spring! Spring!
Ecstasy's sting!
Birth in the wildwood, and birds on the wing,
Living cries out to you,
Fragrances shout to you,
What is all about to you,
When it is spring.

Birds! Birds!
Flocks of them—herds!
How can we welcome them merely with words?
Up from the sod to us,
Daffodils nod to us,
Messages of God to us
Brought by the birds!

Love! Love!
Cloudships above!
Trees are a-tremble with messages of love.
One who will mate with us,
Sharing our fate with us,
Who will be great with us,
Giving us love!

Spring! Spring!
Wonderful thing!
Waves on the shore of it clamber and cling,
Blossoms about in it,
Rapture is nursed in it,
Earth is immersed in it,
Exquisite spring.

—Ethel M. Kelly in Leslie's Monthly.

Aspiration.

Thy daily duty rightly done,
No matter what the station,
Is preparation well begun
For future coronation.

To do thy part, and do it well,
Though humble toil may bind you,
Will train the virtues that excel
Till nobler spheres shall find you.

'Tis not by sudden bounds we reach
The goal we often sigh for;
'Tis not the dreams we lightly preach
That we would care to die for.

We slowly climb the upward way
And scale each opposition;
We turn the darkness into day
And win by transportation.

And every honest labor brings
Us nearer our endeavor,
And all our glad awakenings
Have songs of the forever.

—United Presbyterian.

A Geographical Poser.

The Panama canal commissioners are now asking pertinent questions concerning the most important project before the civilized world. Here is a poser for all Americans who have not heard it before: "How far east of the city of Panama, on the Pacific, is the city of Colon, on the Caribbean?" The usual answer is, "About forty miles," or the length of the canal, which is just forty-two miles wrong. Colon being twenty miles west of Panama instead of forty miles east. Question No. 2: "What is the general direction of the canal?" The answer will be, "East and west," which is precisely wrong, as it is north and south.

Sat in the Chair He Will Die In.
"Dutch" Fisher, the condemned murderer from Toledo, sentenced to die July 7, was the subject of a mock execution in the penitentiary at Columbus the other day. At his own request Fisher was taken to the death chair. The straps were adjusted, the straps tightened, and the black cap slipped over his face. He laughed as the cap was taken off. "I'm not afraid of it," he said. "I just wanted to see how it felt. One is certainly locked in tightly." He walked back to the death cell as if he had forgotten how fatally his next "sitting" would result.—Cincinnati Enquirer.

What Target Practice Costs.
Cash prizes are offered by the navy department for the best records, and to meet this expense congress appropriates about \$200,000 yearly. England appropriates \$20,000 for prizes, and in 1900 Germany's budget included an item of \$482,000 for ammunition in target practice.—World's Work.

What the arts are to the world of matter literature is to the world of mind.

The Great Ann Arbor Gasoline Lamps And Lighting System.

Gasoline affords the cheapest and best light known. The following table shows the cost of maintaining one hundred candle power of various kinds of light, three hours per night for one month—90 hours.

| | |
|--------------------------------------|--------|
| Electric (six 16 candle power lamps) | \$5.48 |
| Gas with mantle | 50 1-2 |
| Gas open burner | 6.30 |
| Kerosene lamp | 1.61 |
| Tallow candle (100) | 15.50 |
| Single Candle | 15 1-2 |
| ANN ARBOR IMPROVED GASOLINE LAMP | .20 |

Every Lamp Guaranteed. Call at

Second Door East of White House, Goodall, Florida.

The Ann Arbor Lighting Co.

TWELVE HUNDRED CONVICTS.

This is The Number of Convicts That Makes a Revenue of \$150,000 For Florida.

Under the terms of the present lease system the State of Florida receives, quarterly, in advance, from the Florida Naval Stores Company, the present lessees, \$151.50 per capita per annum.

There are at present 1,171 convicts on the roll, for the hire of whom the State receives over \$150,000. This number includes whites and blacks of both sexes. The records of the commissioner of agriculture, under whose department the management of the convicts comes, show that on December 31, 1903, there were 1,123 convicts on the roll, making a net gain for the year of 51. During this year the terms of 265 prisoners expired and they were discharged. There were 29 deaths. Thirty-five convicts escaped, of whom 11 were captured. Thirty-eight convicts were granted conditional pardons, two were paroled and one was sent to the asylum during the year.

For the year ending December 31, 1904, 350 negro males, 7 negro females, 40 white males and one white female were committed, showing that there were 500 persons convicted of felonies in Florida during the year and turned over to the lessees of the State convicts.

Hon. B. E. McLin, commissioner of agriculture, has issued notice to the public that bids for the hire of state convicts for four years, beginning January 1, 1906, will be received March 1. Bidders are required to accompany their bids with a forfeit of \$10 per capita for each convict for which a bid is made. The lessee is required to take all convicts of the State without regard to age, color, sex or physical condition.

The condition in which the lease is given requires that proper regard shall be had for the health of the convicts. The lessee must pay for the maintenance of a central hospital.

REGULAR SESSION OF COUNCIL.

Much Important Routine Work Done By the New City Council at Their First Meeting.

The city council met in regular session last night with President Harris in the chair.

Present: Aldermen Maley, Schmidt, Clark, Hendricks. Porter out of town, Matthews sick. Moved by Alderman Schmidt, seconded by Alderman Maley that council adopt rules of procedure and government of previous council, carried.

Bills to the amount of \$460.44 were allowed and clerk authorized to draw warrants for same.

On motion absent councilmen for 1904 were excused.

Communication of Mayor Smith was read.

On motion the Mayor's appointment of M. H. Zuber, as Marshal, W. M. Sampson, as policeman in Midway and Ed Zuber, as Sanitary officer were confirmed.

On motion H. H. Sealey was appointed City Physician.

On motion C. H. Spencer was appointed City Attorney.

President Harris announced the following committees:

Finance, Aldermen Schmidt, Hendricks and Clark.

Ordinance, Aldermen Clark, Matthews and Maley.

Streets and Public Improvements, Aldermen Hendricks, Matthews.

Sanitation, Hendricks, Schmidt, Clark.

Building, Maley, Hendricks, Clark.

Clerk was instructed to have cards with 1904 officers and committees printed.

An ordinance to prevent encroachments on and obstructions of the canals and waterways of the City of Daytona, Florida and to provide penalty for the violation thereof and to designate said canals and waterways, was called up and on motion was passed on its third reading.

Report of Street Commissioner Rix relative to Jacksonville trip was read, motion same was received and filed for consideration.

On motion Street Commissioner Rix was instructed to go to Gainesville, and see U. S. Road building machinery in operation.

Petition of citizens of Wavercross for an extra fire light was read.

On motion Street Committee was instructed to change position of Wavercross light to position requested and also to arrange to have all new lights put in operation as soon as they secure contract.

The circulation of the DAILY NEWS is steadily increasing and on Monday passed the 500 mark by a clear majority of 100. Monday's edition of the paper was exhausted fifteen minutes after the last form was off the press. 600 for a daily in a city the size of Daytona is a very creditable showing and is evidence that the public appreciate our efforts. It shall be our aim to build the circulation to a still higher figure and to accomplish this will make it better and better each day.

State Items.

The Seaboard Air Line Railway will erect a hospital in Tampa to cost between \$40,000 and \$50,000.

The mid-winter fair at St. Petersburg, January 15 to February 15, closes Wednesday. The attendance has been large and the fair a great success.

Fifty people of Pensacola and vicinity have gone to Washington as witnesses in the Swayne impeachment trial before the United States Senate.

The people of Kissimmee have defeated a bond election, by which it was proposed to raise some \$10,000 to improve the streets and pay off a mortgage on the cemetery.

The American Agricultural Chemical Company, composed of sixty other companies—of which the Bradley Fertilizer Company is one—will move from Orlando to Jacksonville this week.

The senate committee on military affairs has authorized a favorable report on a bill for the location in Florida of a branch home for disabled volunteer soldiers, sailors and marines.

Fort Lauderdale has a new corporation, the Vegetable Growers' Association, with a capital of \$10,000, to conduct a packing and shipping business of vegetables, etc.

Col. S. H. Norval, of the U. S. army, and Adjutant General J. C. R. Foster, are to begin this week the annual inspection of the Florida state troops in their various quarters.

J. S. Walker, one of Basinger's prominent merchants, brought up to Kissimmee last week 243 other hides and a large number of coon, wildcat and skunk skins.

An unusual incident occurred in Ocala Friday. Two tourists, Mr. and Mrs. Noblin S. Hyatt, of New York state, took the Ochlawaha trip and walked from Silver Springs to Ocala to see the country. Mr. Hyatt carrying a small revolver to shoot alligators and other game. On reaching Ocala he was spotted by a constable and placed under arrest for carrying firearms. His protests were in vain and the justice sent him to jail, accompanied by his wife, and later fined him \$50. Hyatt proposes to fight the case to a finish.

St. James Rectory Fund.

The Valentine tea given for the St. James Episcopal church, Ormond, rectory fund, last week was a great success in every way. The foyer of Hotel Ormond was prettily decorated with bamboo, and cut flowers and with the plants regularly placed there made quite a bower, where the handsomely gowned ladies appeared to greatest advantage. Mrs. MacQuoid was in charge of the Valentine table, assisted by Misses Adriance, Seamans and MacQuoid, and the three hundred dainty cards went quickly. Mrs. Downey, Mrs. Weber, Miss Caldwell and Mrs. Carter had the candy table in their care. Mrs. Freeman, with the Misses Felton, sold flowers; Miss Alice Gray, fruit; Miss Ruth Simrall, lemonade, while Mrs. Rauch as palmist was particularly popular and continued to read fortunes until late into the evening.

Regular Session of City Council.

(Continued from First Page)

with electric light company.

Petition of L. R. Stiles with plans and specifications for building to be used for commercial purposes and to be erected on riparian rights was read and Mr. Stiles was invited to address the council.

On motion the Stiles petition was laid over until the next meeting and that committee be appointed to investigate riparian rights in their legal statute and report.

Chair appointed Mayor Smith, Aldermen Clark and Schmidt as such committee.

Mr. F. P. P. Smith representing Lewis and Kitchen of Kansas City and Chicago who are sanitary and water works engineers and contractors, addressed the council and stated that his firm would present to the city plans and specifications of sewers and water works free of cost and have a guaranteed contract price for same.

Council considered purchasing a rock crusher.

POTENCY OF LOOSE CHANGE.

It is the Nickels and Dimes That Build Up Great Fortunes.

When the crusaders against policy made the statement that the gross daily receipts from the game in Chicago aggregated \$30,000 the community was astounded. Thirty thousand dollars in pennies and dimes gambled away each day! Impossible! But such is the truth.

Most persons never stop to think of the power of loose change. They hold it so lightly that they fling it about recklessly, and that is the chief reason for its power.

The pennies and dimes give chief support to the churches of the nation. The magnificent contribution of the millionaire dwindles to the proportions of the widow's mite when compared with the great total. It is the loose change carried up to the altar rail which meets the mortgage, pays the pastor's salary and sends missionaries to the four corners of the earth.

Go through the books of the big charitable institutions, and you will find how dependent they are on the small givers—on loose change. From Sunday school classes, sewing circles, church collections, church entertainments and the penny boxes which stand in drug and grocery stores comes the greater portion of the revenue. The millionaire philanthropists of the nation would be appalled at their responsibility if the support of the small givers was withdrawn from the charitable institutions.

Close to \$14,000,000 a year in nickels flows into the coffers of the local traction companies and creates a business to attract a Morgan or a Vanderbilt.

In the end it is the housewife's nickel which pays for the harvests of the millions of acres of golden grain.

It is the loose change which keeps the wheels going and the world moving. But how loosely do we throw it about!—Chicago Journal.

Benefits of Walking.

The best, simplest, universal exercise is that of walking. I can walk with enjoyment for hours along a flat country and even in the parks and embankments of London, but I attribute my health and activity in my seventy-third year to the steady pursuit of climbing hills, mountains, glaciers and moors—a practice which I began in my seventeenth year in the highlands of Scotland. Since then I have constantly worked all round the Alps, from Nice to the Tyrol, doing nearly all the well known peaks, passes and glaciers—the Grivola in a verglas being the worst. I have walked in the Pyrenees, the Apennines and the mountains of Sicily and Greece, the Welsh, Scotch and lake hills, the moors of Yorkshire, Lancashire, Hampshire, Cornwall, Surrey and Sussex. I played cricket in my school and college eleven as bowler, and I have enjoyed tennis, rackets, lawn tennis (which I still play), football, rowing and skating. But none equals walking. I have ridden all my life, but I find hunting, shooting, fishing and golf sheer waste of time. An Alpine glacier—even a British crag side—is worth all the stupid forms of "sport" put together.—Frederic Harrison in London News.

Peck & Foster, Proprietors, DAYTONA, FLA.

There will be a Valentine party at The Inn, Ormond, tonight.

E. M. Browning, of Eau Gallie, spent the day in the city.

C. C. Bingham is reported as being confined to his couch with a case of grip.

Yesterday was celebrated in many cities of the North as the 100th anniversary of Lincoln's birth.

Two large parties ended. Both Ormond had much and after spending a couple of days there proceeded to various points south.

S. E. Ballard left with a party of friends on board his launch Kivi this morning for a three week cruise down the coast.

S. T. Bennett was able to return to his duties at the depot today. A bad case of grip kept him laid up for several days.

Mrs. Sallie R. Glynn, M. and Virginia Snyder, Mrs. Margaret A. Snyder, David F. Snyder, Mrs. M. T. Woodwin, Springfield, O., are guests of The Parkview.

Geo. R. Chamberlain and wife, Miss Elizabeth Chamberlain, W. H. Gumpert, New Haven, Ct., are expected arrivals at The Gables.

Will Visit DeLand.

Wm. Williams, colored, was arrested Sunday night by Marshal Zepher, for riding without a light, and ordered to appear before the magist Monday morning.

As he failed to appear, the marshal hunted him out, and found that he was in charge of a street car owned by W. W. Astoria.

While riding around yesterday, it was alleged that he picked up a date bag at the corner of Beach and Bay, which contained \$7 and other valuables.

The bag was the property of Mrs. Bernard, a stenographer at The Chamberlain, and was dropped from her luggage while on the way to the hotel.

C. G. Sparks, a driver for C. E. Johnson, testified that he saw the bag drop and also saw Williams pick it up.

Williams was arrested and placed in jail and not being the view of the Halifax, he evidently determined to leave.

When Marshal Zepher called to see how his provisions were getting on, he found that the negro had damaged the lock and hinges to such an extent that they will have to be replaced.

Williams was tried before Spence yesterday and is with his brother, Horace R. Stewart.

Mrs. Stewart came down with fifteen members of the John A. Johnson to visit the State and Cuba.

Today the other members of the club, who stopped off at St. Augustine passed through on their way south. They will visit Cuba, Isle of Pines, and on their way back Miami, Palu Beach, St. Augustine and the battlefields of Tennessee, arriving here about March 20th.

Peck & Foster, Proprietors.
DAYTONA, FLA.

Clothing, Shoes and Gents' Furnishings.

There will be a Valentine party at The Inn, Ormond, tonight.

E. M. Browning, of Eau Gallie, spent the day in the city.

C. G. Burgoyne is reported as being confined to his room with a case of grip.

Yesterday was celebrated in many cities of the North as the 90th anniversary of Lincoln's birthday.

Two large parties reached Hotel Ormond last week and after spending a couple of days there proceeded to various points south.

S. E. Bullard left with a party of friends on board his launch Kivi this morning for a three weeks' cruise down the coast.

S. T. Bennett was able to return to his duties at the depot today. A bad case of grip kept him laid up for several days.

Mrs. Sadie B. Glenna, M. and Virginia Snyder, Mrs. Margaret A. Snyder, David F. Snyder, Mrs. M. T. Woolwin, Springfield, O., are guests of The Parkinson.

Geo. R. Chamberlain and wife, Miss Elizabeth Chamberlain, H. H. Guernsey, New Haven, Ct., are recent arrivals at The Gables.

Will Visit DeLand.

Wm. Williams, colored, was arrested Sunday night by Marshal Zuber, for riding without a light, and ordered to appear before the mayor Monday morning. As he failed to appear, the marshal hunted him up and found that he was in charge of a wheel chair owned by W. W. Austin.

While riding around yesterday, it is alleged that he picked up a chate-laine bag at the corner of Beach and Bay, which contained \$7 and other valuables. The bag was the property of Mrs. Bernard, a stenographer at The Clarendon, and was dropped from her buggy while on the way to the hotel. C. G. Sparks, a driver for C. E. Johnson, testified that he saw the bag drop and also saw Williams pick it up.

Williams was arrested and placed in jail, not liking the view of the Halifax, he evidently determined to leave. When Marshal Zuber went out to see how his provisions were getting on, he found that the negro had damaged the lock and hinges to such an extent that they will have to be replaced.

Williams was tried before Squire Cox this morning and put under \$500 bond for his appearance at the criminal court. Not being able to furnish bond, he was locked up and Sheriff Turner notified to come after him.

Twelve Hundred Convicts.

(Continued from First Page.)

to which all sick prisoners are sent. The maintenance of the prisoners, including buildings, stockades, food, clothing, hire of guards and all expenses from the time sentence is passed, must be borne by the lessee. The terms of the lease will require the payment of all sums due for the hire of the convicts, quarterly, in advance.

WANTED:—A young girl to take care of 18 months old baby through the day. Must sleep home. Enquire of Mrs. Davidson, Clarendon Cottage, Seabreeze. J3-4f

A Bargain for Balance of Season.

For Rent. 6 room furnished house, near Ridgewood on Orange avenue. Electric lights, fire place, bath and all modern improvements. Everything new. Price reasonable. Enquire of R. J. Mabry, manager Bond Lumber Co.

Woman's Visual Angle.

"Have you eyes in the back of your head?" asked a country magistrate of a woman, and the woman promptly replied that she had. She was perfectly right. Take any average man and any average woman, question them as to the dress and deportment of the people in any assembly where they were together, and you will find that the woman has seen more than the man, for woman has been compelled to enlarge the angle of her vision and to see all around her hat without shifting an eye.

From an early age instinct tells the girl, and convention seals the instinct, that she must not look directly at the man in the street, therefore the honest woman walks through London looking straight ahead. The direct look at the stranger is forbidden, yet human curiosity compels, so develops and enlarges that angle of vision, for no woman will deliberately blind herself, and therefore by continual exercise those calm conventional eyes that look to the horizon and the infinite have trained themselves to see the world out of the corners obliquely.—London Chronicle.

Be Ready For the Opportunity.

People are apt to think that, though their actual lives are poor and self centered and such as they are half ashamed of, if some great crisis arose they would be able to gather up their halting will and raise themselves to its height. Yes, no doubt. Only life's sternest calls never come in any such fashion. Things don't arrange themselves for us to gather up our feeble will and settle with our souls that we will be heroes. They come hard and sharply, testing not what we have resolved to be, but simply what we are. We have a sort of feeling that it is the opportunity that makes the man. Not so. The opportunity only shows him for what he is, and the spirit of prompt duty, of quick, instinctive loyalty to right under whatever temptation may ever come, may be cultivated and grow to the very capacity for heroism even in life's lowliest place and poorest work.

Advice.

Show your strength to the world, but beware how you betray your weakness, even to your dearest friend.—Papyrus.

DAYTONA is situated upon the west bank of the Halifax River at its fairest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was covered by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lovely live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walk, and among these are interspersed tall drooping palmettos, glossy leaved magnolias, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the angelopeltis climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all too free wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macadam and shell roads and streets, rendering it the

Wheelman's Paradise
Added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages
That have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, good hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply
which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesia and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona
proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach,

which are properly a part of the town and population.

Daytona Beach

Has one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect in comfort as Daytona beach.

Automobile Race Meet.

The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as mahogany, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bare for 300 feet and neither carriage, wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-fringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at oblique, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the grey-haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year, while the strong and expert swimmer, can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula

lying between river and ocean is one-half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature

at Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona.

At the foot of Ocean Boulevard, Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalle, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon. Individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing, and the varieties that abound in the ocean are present in the river.

Hunting and fishing good. Experienced guides and dogs may be had at reasonable prices.

The Secret Societies.

Free and Accepted Masons—Halifax Lodge No. 21 meets first and third Thursday of each month at 7:30 p. m.
